COMMERCIAL INTELLIGENCE

THURSDAY EVENING, APRIL 27.

THE returns of the Bank of Bombay for the past week show an improvement in the reserve of about 15 lacks, but no further reduction has been made in the rates of discount, and in the bazaar it cannot yet be said that there is much greater ease in the Money market. At the biddings for Council drafts in London yesterday about 35 lacs were taken up. These at 1s. 8¾d. receiving in full, 20 lacs were for Bombay, and the direct Bullion shipments to this port for the week were £100,000 in Silver and £110,000 in Gold. The quotations from home for Stocks and Silver have been very steady during the week. Consols are quoted a little lower, viz., 101⅛. Bar Silver the same, viz., 52 3-16d. 4 per cent. Rupee Paper 85½ and 4⅜, 91 7-16. Cotton has been quoted rather quiet, and though official quotations are the same, Surats, owing to the large stocks, have been difficult of sale. Seeds have been quoted dull and lower, but Wheat has been steady. Exports has gone on freely during the week, but in Cotton the new business has been below an average, and prices are weaker. Wheat has been in fair demand at firm rates, and Seeds also have been pretty freely dealt in at the decline. In Imports there is nothing new to report. A fair consumptive demand is freely met at current quotations.

The Stock market has also been quiet, and there has not been much business passing. Scrip of, most kinds, however, has been moderately steady except for Spinning Mills, in which we have again to report a considerable decline.

COTTON.—The market has been quiet during the week, and prices have been very irregular. We give below, as usual, the current quotations of the day, but purchases have been made of Native Cottons at considerably lower rates, especially of Bhownuggur and Dhollera descriptions. These are arriving very freely now, and in weak hands are very much pressed for sale.

Broach has been freely offered, and we quote Good Rs. 228, but purchases have been made at Rs. 227 for Native Cotton for May delivery. Really good lots of European Rs. 230 is still asked for them.

Oomras of good European selection and the better grades have rather been in request, and they are not quoted lower than last mail. Good to Fine, however, has been done at Rs. 195.

Dhollera and Bhownuggur we reduce quotations for all round, and some very low sales are reported. Good Fair is reported sold at Rs. 171, Good at Rs. 188, Fully Good at Rs. 193, and Good to Fine at Rs. 194.

Quotations are as under :—

Broach, Good	Rs. 228

Our usual figures of Receipts and Shipments are as follows :—

	1881-82.	1880-81.
Receipts from 19th to 25th April	1,00,319	1,68,524
Do. from 1st Jan. to do.	10,03,292	6,19,447
Shipments from 20th to 26th April	46,192	37,484
Do. do. 1st Jan. to do.	7,76,257	4,13,727
Cotton in harbour	88,658	56,328

Linseed, owing to the duller advices from home, has given way 2 to 3 annas per cwt., and we now quote Rs. 5-4 with 6 per cent. loss in weight. There is a good demand, however, at the fall, and large sales are reported both on spot and to arrive. Receipts continue on a fairly large scale, and the figures for the week are as follows :—

	1881-82.	1880-81.
Receipts from 19th to 25th April	1,00,319	1,68,524
Do. from 1st Jan. to 25th April	14,81,586	11,92,210
Shipments from 20th to 26th April	1,28,703	79,229
Do. from 1st Jan. to 26th April	13,23,757	8,81,580

Rapeseed is in good demand, and firm at Rs. 5-13 for Yellow Guzerat. Red we quote Rs. 5 to Rs. 5-2.

Gingelly is firm at quotations with an active demand ; we quote Rs. 29 to Rs. 38½, according to quality.

Poppy Seed is quiet at Rs. 5-5.

Groundnuts are in demand, and firm at Rs. 24 to Rs. 24½.

Castor Seed is also firm at Rs. 25 to Rs. 25½.

WHEAT.—Supplies are now coming in more freely, and a large business has been done in it at full prices. No. 1 Soft White is in good demand at Rs. 32½ to Rs. 33, Hard Red at Rs. 23½ to Rs. 24, and Yellow at Rs. 27 to Rs. 28. Khandwa has been done at Rs. 29, and Ahmedabad Rs. 29 to Rs. 29½. Our weekly figures are as follows :—

	1881-82.	1880-81.
Receipts from 19th to 25th April	1,67,873	3,16,915
Do. 1st Jan. to 25th April	28,15,196	20,01,244
Shipments from 20th to 26th April	2,01,886	96,266
Do. 1st Jan. to 26th April	36,67,496	15,25,970

The PIECE-GOODS market remains very much in its old position. Dear money still interferes with business, and a fair off-take from the bazaar is still met freely at current rates. Ordinary 39-inch Grey Shirtings are very much in over-supply, and so also are Prints. Stocks of both are heavy, and prices unremunerative. In many other classes of goods stocks are pretty well cleared, but even with them there does not seem sufficient life in the demand to establish a fair advance even from previous very low prices.

YARN is very quiet at old rates.

COALS.—The market is quiet, and quotations the same as last mail, viz. :—

Davison's West Hartely	Rs. 14½	alongside.
Welsh Hartley	„ 14	do.
Cardiff	„ 15½	do.

The imports of this article for the present season show a great falling-off from the excessive supplies of last year. From 1st January to 22nd April the imports this year are 94,875 tons, against 2,25,365 tons in the same period of 1881.

COPPER.—The market for Braziers is strong, and there is a good demand for spot at Rs. 47-4 to Rs. 47-8. To arrive, the current quotations are Rs. 45-8 to Rs. 45-12.

The imports this season so far are moderate, being from 1st January till 22nd April, 18,875 cwts., against 26,745 cwts. during the same period of 1881.

Yellow Metal is unchanged, and we quote as before Rs. 36-12 for both spots and arrivals. The imports for the like period of this year of Yellow Metal are 20,046 cwts., against 17,120 cwts. in 1881.

Hard Spelter is still dull and prices as before. In this article, however, our supplies are now coming on a much reduced scale, and of this continues the demand ought to improve. The imports from the beginning of the year till date are 5,709 cwts., against 16,699 cwts. in the same time in 1881.

Stocks and Shares of all kinds have been very quiet during the week, and the business done in them has not been large.

Bank of Bombay shares have improved to Rs. 780, but our other Bank quotations are unaltered.

In *Land* Companies, Colaba have declined to Rs. 740, and Port Canning to Rs. 210.

In *Miscellaneous* shares there is not much alteration. Bombay and Burmah Trading were in active demand, and prices advanced to Rs. 2,490, but they have not quite maintained that figure. They, however, may now be quoted Rs. 2,475. Bombay Saw Mills have been done at Rs. 425. Gold shares are neglected, and prices quite nominal.

Spinning Mill shares have been and still continue very much out of favor. The market for them has been dull all week, in most Companies an almost daily fall has taken place, and the total drop since last mail is a very serious one. The main cause of it is the low price and languid demand for their productions of both Yarns and Cloth. Prices are low, and leave but a small margin of profit, and stocks are accumulating while on the other hand the rates for Cotton keep high owing to the export demand, and Coals, another large item of expenditure, are considerably dearer, and promise to continue so. The high dividends of the past year do not therefore in the meantime show much promise of being repeated. Old Mills that had stopped during the bad times have all started again. The prosperous times induced many others to order out from England more Spindles and Looms, all of which are now getting to work, as are also several large and entirely new concerns. In face of all this investors have become very chary of this class of property. A few Mills keep up fairly well in value, but with the great bulk there is a fall since last mail of 4 to 6 per cent. all round.

GOVERNMENT PAPER has also been very dull with a downward tendency all week, but not much business doing of any kind. Rates are now a little lower than last mail, but the fall is not a material one. We now quote 4 per cents. 101 5-16 and Four-and-a-half per cents. 108¼.

EXCHANGE.—There has been very little business done during the week. Rates were quiet but unchanged at last mail's rates up till to-day, when there has been a slight giving way. We now quote :—

	Demand.	3 months.	4 months.	6 months.
Banks	1s. 8¼d.	1s. 8 7-16d.	1s. 8 15-32d.	1s. 8 19-32d.
	3 months.		6 months.	
Credits	1s. 8¼d.		1s. 8 21-32d.	
Documents	1s. 8 17-32d.		1s. 8 11-16d.	
France	2/16½		2/18½	

The rates for May delivery are the same, except for France, which for 3 months' can be done at 2/16½.

Cotton closes this afternoon very quiet with little or no business. Still, with the exception of Dholleras, prices have not given way. There is still a fair enquiry for European selection of Oomras at Rs. 203 for Fully Good, Rs. 196 to Rs. 197 for Good, and Rs. 189 to Rs. 190 for F. G. Fair, but there are few sellers. Dholleras, European selection, are quoted Fine Rs. 204 to Rs. 205, Fully Good Rs. 194 to Rs. 195, Good Rs. 190, Good Fair Rs. 175 to Rs. 176. Natives will occasionally accept under these rates, but there are few good sellers at less figures.

A CORRESPONDENT writes from Ahmedabad:—The thermometer varies from 95° to 98°. Public health is good, but fears are entertained of some sort of epidemic breaking out owing to the number of caste dinners recently being held here.

MR. A. C. WATT has been appointed Sessions Judge at Tanna in the place of Mr. Coghlan, resigned, but continues for the present to act as Judge and Sessions Judge of Dharwar.

MR. MATHEW HENRY SCOTT, who was nominated by Reuter the other day to a seat on the Bench of the Bombay High Court, is appointed by yesterday's *Bombay Government Gazette* to be Judge and Sessions Judge at Ahmednagar, *vice* Mr. Webderburn, who has taken Mr. Newnham's place at Poona.

COLONEL WARDROP is going on furlough, and Colonel Ducat will act as Judge Advocate-General during his absence.

LIEUTENANT-COLONEL MCGILLIVRAY, Staff Corps, and Superintendent of Police, Kanara district, retires from the 1st of May on pension.

LIEUTENANT-COLONEL A. C. TWENTYMAN, Commandant of the Deolali depôt, leaves for home by the s.s. Deccan to-day.

MR. WHITLEY STOKES, late Legal Member of the Viceroy's Council, and for some time past the best abused man in India, leaves for England by to-day's mail-steamer. By way of a parting kick, we see the *Indian Daily News* finds fault with the Viceroy for continuing Mr. Stokes in office after April 14, when his term expires. Our contemporary does not recognise any usefulness in this arrangement, but says:—"the only possible object seems to be to enable him to draw his salary up to the date of his embarkation at Bombay. The difference to him will be about Rs. 2,000! The arrangement looks as bad as it well can look, and as discreditable." This is a very carping piece of criticism, seeing that after all Mr. Whitley Stokes's great offence was that he was too indefatigable a legislator—he did too much for his salary. That is what his critics have been saying all through.

HIS HONOUR THE LIEUTENANT-GOVERNOR OF THE NORTH-WEST PROVINCES, accompanied by Lady and Miss Lyall, left Allahabad for Naini Tal on Monday evening.

SIR STEUART BAYLEY is expected at Simla early next month.

MAJOR BARING continues to improve rapidly, and will be able to leave his bed in a few days more.

THE officer who is to be sent as British Agent to Kabul is still in Simla, his instructions not having been finally passed; but he will probably start in a few days.

THE *Englishman*:—We learn that the announcement of the military reliefs for next season may be expected in a day or two. Many of our military readers may be glad to hear that the changes will not be numerous, and will be chiefly confined to corps to and from hill stations. We think we can assure our friends stationed in Calcutta that they will stand fast.

LIEUTENANT L. R. FINCH, of the Border Regiment, died on Sunday morning at Dum-Dum, and was buried the same evening. He was the junior subaltern of the regiment, and had been in the country but three or four months.

WITH reference to a paragraph which we published on the 22nd inst. on the authority of our Lahore correspondent, and in which it was stated that the Alliance Bank of Simla had lost Rs. 15,000 over the case of an insolvent official, the Bank asks us to say that it is without foundation. "This Bank is concerned in no such case.

THE subscription towards the Eden memorial already amounts to over sixteen thousand rupees. The Maharajahs of Burdwan and Durbhunga each gave Rs. 5,000, and their Highnesses of Hatwa Dumraon, and Giddhore each Rs. 1,000.

THE *Hindu Patriot*:—"We have barely time to announce that the Government of India has passed orders in the now notorious O'Donnell case. Lord Ripon supports Sir Ashley Eden on every point, while His Excellency strongly censures Mr. O'Donnell for his spirit of insubordination, and for his abuse of summary powers as a Magistrate. He takes no notice of the municipal case, because it did not come before Sir Ashley Eden."

A SUPPLEMENT to the *Bombay Government Gazette* contains a report by Major G. Coussmaker on the progress made by him in tasar sericulture during the past year. Major Coussmaker says that the prospects of the tasar silk industry are most promising. He describes his system thus:—"Lagerstroemia Indica," *Gul Mendhi* or *Daigedi*, is the best shrub in Poona for the purpose, and I have now planted 906 feet of it in hedges, besides having struck enough cuttings to make nearly as much more. The land is laid out in ridges 7 feet wide, with a gutter of 1 foot between. The shrubs are put into a trench of good soil mixed with manure in the middle of each ridge at one foot apart. The cages are made of rectangular pieces of split bamboo screen work tarred. In constructing the cages I tie these screens together, making the sides 3 feet high and the ends 6 feet wide. The cage can be put up to a light ridge pole which rests on triangular screens stretching across the cage at intervals. Over the hoops thus made coarse open cotton is spread. Thus nothing touches the shrubs, for they are uniformly cut to a height of 4 feet, and the worms have no inducement to leave their food. The screens under the triangles at the end consist of three, the middle one of which is fixed, and the two smaller on either side are fitted with string hinges, thus allowing boys to go in, and clean up on both sides of the hedges without injuring the shrubs. The worms are, when hatching, put upon the plants near the door, and they eat away steadily, crawling on to the next when their own twig has been stript. As fast as this takes place bare twigs are cut off, and fresh spring forth. In a few weeks' time the hedge is as thick a mass of verdure as it was when the caterpillars were put upon it; and this process goes on as long as the rearing of the worms is continued. As partition after partition gets stript it can be taken down and shifted on further down the hedge or to a new place. An occasional watering is necessary if the weather is not favourable, but as a rule very little irrigation is necessary.

CAPTAIN R. G. NICHOLAS, who was lately promoted into the 5th Lancers from the 1st King's Dragoon Guards, and who only recently arrived in England from India, has been transferred to his old corps as Captain. Captain Nicholas was Adjutant of the 1st King's Dragoon Guards from February, 1874, to October, 1881, when he was promoted into the 5th Lancers. He now has to return to India.

MAJOR R. C. SPOTTISWOODE, who succeeds Captain Adye as Aide-de-Camp to Lieutenant-General Cureton, C. B., at Lucknow entered the service in 1858 and served with the 3rd Bengal European Cavalry, exchanging from the 21st Hussars as Captain in February, 1874. As Captain Adye has not been seconded in his present rank it is presumed Major Spottiswoode will be, and so give promotion to Captain Manners Wood and Lieutenant G. S. Rose, the latter in his turn being seconded on appointment as Aide-de-Camp to the Lieutenant-Governor of the N. W. Provinces, thus giving a step to Lieutenant Phillips. Captain Wood has 12¼ years' service, and Lieutenants Rose and Phillips about 8 each.

THE vacancy in the 13th Hussars caused by the promotion of Major W. H. Peters into the 4th Hussars has not yet been filled up although it occurred as far back as December last. The senior Captain entered the service in 1865 as Ensign, 38th Foot, and exchanged into the 13th Hussars in September, 1875, so that he is not debarred promotion on account of length of service, nor either by age, as he was born in November, 1845. Should the promotion not be given in the regiment, a contemporary remarks, it will be exceedingly hard upon Lieutenant P. K. Byng, the senior subaltern in the Army, he having obtained his commission in March, 1868, before the abolition of purchase. Between the senior Lieutenant and the next to him there is no less than 7 years.

SHORAWAK, a region of country lying to the south-west of Peshin across the Amran range, has been a debateable land for some time past, a question having arisen whether it belongs to Peshin and consequently to the territory we occupy under the treaty of Gundamak, or to the Ameer. The Government of India have decided that the region in question is properly a dependency of Kandahar, and therefore not included in the Peshin cession.

IN his reply to the valedictory address presented by the Bengal Chamber of Commerce, Sir Ashley Eden referred to the progress of Calcutta during the last few years as one of which both the Chamber and the Government might well be proud. The value of the sea-borne trade of the port in 1876-77 was £56,500,000 sterling; in 1880-81 it was £64,250,000. The work done by the Port Commissioners in improving the accommodation for commerce was described as being "seen in the magnificent jetties and spacious warehouses which now cover what a few years ago was an unwieldy and shelving bank;" and the Lieutenant-Governor also dwelt particularly upon the fact that, in spite of the heavy outlay, the charges upon the shipping had been reduced. Other Bengal ports, also, have prospered. The trade of Balasore port rose from 2¾ lakhs in 1874-75 to 8¾ lakhs in 1880-81, and that of Cuttack in the same period made a leap from 9½ lakhs to 26½ lakhs. The seaborne trade of Chittagong in 1876-77 was about Rs. 54,50,000; while last year it was Rs. 1,43,50,000. These returns are eloquent of the prosperity of Bengal and the neighbouring districts; and the extension of the railways in the province will ensure a steady further development.

COLONEL BRINE'S balloon journey was not so fruitless as has been supposed, says the *Globe*, if Captain Jutelet, who took the Colonel and Mr. Simmons aboard his ship, is right in his deductions from what occurred. He is of opinion that a balloon might always be brought to anchor in the Channel without much difficulty.

A BIRMINGHAM manufacturer, writing to a local paper, denounces a spirited foreign policy, because it is potent in causing a fall in the price of tin.

A COURSE of instruction for ladies on the principles of poultry and dairy farming at the Royal Horticultural Society's Rooms, South Kensington, has been so well attended as to justify a further extension of the curriculum. Mr. W. Tegetmeier has held an examination on the subject of poultry management, upon which he has been lecturing; and twelve ladies have obtained certificates.

THE Maritzburg correspondent of the *Daily News* says very serious reports are current with regard to the state of famine in Zululand. Already the scarcity of food is painfully felt, the crops having failed owing to the drought. The dry season is now commencing, and there is no hope of fresh supplies of food for months. The country is unsettled, the people are anxious, and it is reported are secreting arms and powder. The feeling is strong against John Dunn. The inquiry into the reported rifling of King Panda's grave by British soldiers has effectually disproved the charges brought. The proposals of the Cape Ministry for the settlement of Basutoland have been well received.

THE tablet which has been placed over the walls of a house in Mercedes-street, at Rome, to commemorate the fact that Sir Walter Scott, while in search of health in foreign climes, sojourned within its walls, is regarded by the *Pall Mall Gazette* as a graceful act of recognition on the part of many Italian admirers of literature of the genius of a man very dear to Englishmen. Several of the cities of the Continent are linked with the names of English writers who have sought there in vain for renewed strength and fresh life. Fielding died in Lisbon, and many a traveller reads the inscription over his grave in the Protestant cemetery. Smollett, dejected in mind and broken in body, sickened and died at Leghorn. The last resting-places of the ashes of Shelley and Keats are familiar to every English tourist in Italy, and the streets of Florence are still, in the imagination of the traveller, trodden by the feet of Landor. Another London paper notes that patriotic Scotchmen have found fault with the Roman Municipality for describing Scott as "Romanziere Inglese," and the Romans' reply is a refusal to alter the inscription. They are unable to get over the fact that Scott, at any rate, wrote in English.

BAD as things are in the matter of adulteration in England, they are certainly worse in the United States, according to a report just presented by a committee on the subject to Congress. For example, black pepper has been so effectually sophisticated that the trade appears to have lost all knowledge of the genuine article. For tea, Uncle Sam drinks black-lead, indigo, Prussian blue, chrome yellow, Venetian red, carbonate of copper, and arsenite of copper. The cup will hardly cheer the drinker who knows its composition.

THE authorities at St. Petersburg, according to a Central News telegram, believe that among nine soldiers recently arrested they have secured the original disseminator of Nihilist doctrines in the Probrajensky Regiment. The man in question is a young volunteer, who joined the regiment about a year ago. Suspicion fell upon him some time back, owing to his preference for nocturnal rambles in civilian costume. It was then discovered that he was in intimate relations with a young woman well known to the police as a trusted member of the Nihilist party, and on search being made at the house where she lives the young soldier's uniform was found there. Further investigations are being made, and it is believed that some startling facts will shortly be brought to light, showing the wide ramifications of the Nihilist conspiracy.

ONE of my Indian letters, *Atlas* says, comes decorated with a great deal of manuscript upon the outside of the envelope. For fear the Post-office authorities should not have paused to read the same, I reproduce it here for their more leisurely consideration:—

'The writer would beg to call the attention of the Government of India to the melancholy fact that the gum or other adhesive substance on the backs of the postage stamps issued by the said Government is not of that superior quality and uniform stickiness which any administration owing adhesion to H. I. M. the Empress ought to supply. It is to be hoped that this remarkable economy is not owing to any temporary embarrassment in finance.'

And, in fact, Indian stamps are generally on the point of coming off.

ADVICE TO MOTHERS!—Are you broken in your rest by a sick child suffering with the pain of cutting teeth? Go at once to a chemist and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor sufferer immediately. It is perfectly harmless and pleasant to the taste, it produces natural quiet sleep, by relieving the child from pain, and the little cherub awakes "as bright as a button." It soothes the child, it softens the gums, allays all pain, relieves wind, regulates the bowels, and is known to the whole world as the best remedy for dysentery and diarrhœa.

THE NIZAM'S TERRITORY.

(FROM OUR OWN CORRESPONDENT.)

SECUNDERABAD, APRIL 22.

WE have come so far into the hot season very pleasantly, owing to heavy showers of rain we had at the beginning of the month. These were accompanied by hail and strong winds which, in the direction of Bolarum especially, uprooted a number of large trees. It is now certain that Sir Steuart Bayley goes to the Supreme Council in place of the Honourable Rivers Thompson. Sir Steuart will leave with the satisfaction of having, during his short tenure of office, smoothed down many rivalries and jealousies among the great nobles of Hyderabad. His late recognition, in concert with the Regent, of Nawab Busheer-ood-dowlah as the premier Ameer of the State has had the most happy effect. No doubt the death of the late co-Regent helped materially towards the present contented state of affairs.

Nawab Busheer-ood-dowlah left on Thursday evening for Ootacamund, where a house, "Oakend," has been purchased for his use, at a cost of twelve thousand rupees. He was accompanied by his Private Secretary, Mr. Dosabhoy Merwanjee Chinoy, and some forty retainers. This is the first instance of a Hyderabad noble venturing to spend the hot season at a sanitarium in British territory; but the example, once set, will doubtless be followed by others hereafter. Sir Salar Jung and all the city nobles, as also a large number of British officers and ladies, saw the Nawab off at the railway station, which was illuminated for the occasion. The Ameer's cousin, Nawab Khorshed Jah, left the day previous for Lingumpully to superintend certain grand preparations in honour of his departing relative; this proves the recent reconciliation to have been a genuine one. Similar preparations for the Nawab's reception were made at Raichore by the Nizam's Government authorities. The Ameer will remain at Ooty for a month or so, and before returning will visit Mr. Grant Duff, and then proceed to Bangalore on a short visit to the Maharajah of Mysore and General Roberts, who, I believe, has specially invited the Nawab.

The cantonment of Secunderabad, I am happy to observe, is exhibiting a marked change since the appointment as Magistrate of Major Ludlow, C.I.E. New life seems to have been infused into the Judicial, Police, and Municipal Departments. I hear of a scheme for providing an abundant supply of water by the formation of a canal from the river Manjera, some thirty miles away, to Secunderabad, and that the Hyderabad Government is prepared to give a handsome sum towards constructing the work. It is to be hoped the scheme will be carried out, for the water of the Hussain Saugor tank is not sufficient, either in purity or quantity, to furnish a thorough water system for this large cantonment.

The Volunteer movement here is making rapid strides, under the vigorous direction of Major Ludlow, the commandant, and Captains Forbes and Carrs, the unanimously elected officers of the Secunderabad companies. There are already about 250 men on the roll, and, in anticipation of the Government sanction, they have been formed into five companies, two for Secunderabad, one "the Railway Company," one company at Bolarum, and one at Chadarghat. There has been some hitch about Europeans and Eurasians in the Nizam's service being permitted to be enrolled as Volunteers: this, I now hear, is expected to be settled favourably, when another company or two will be added to the corps. The local military authorities have greatly helped in the movement, and before long the "Hyderabad Volunteer Corps," over 300 strong, will take a prominent place among the Volunteer regiments of the Empire.

SUBORDINATE MEDICAL DEPARTMENT.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Will you kindly permit me to inform "Amicus" that there was more than one subordinate recommended for service in Afghanistan. I may state as an instance that Mr. Apothecary L. Cordeiro, who was attached to the No. 2 Field Hospital at Maiwand, helped Dr. Preston, the Medical Officer of the 66th Regiment, who was severely wounded in the hip, during the retreat of the British into Kandahar, and had him lifted and put on the gun-carriage; and had it not been for Mr. Cordeiro, I believe Dr. Preston would have been killed, or succumbed to his wounds. Now that Dr. Preston has recovered, he will, no doubt, be able to bear testimony to the above fact.

BOMBAY.

TO-DAY.

Town Council, 3 p.m.
Departure of the English Mail, evening.
Band, R. V. R. Corps, Gymkhana, ladies' afternoon.
Diorama, Esplanade, Cruikshank-road, 9 p. m.

VESSELS ARRIVED.—The following vessels arrived on the 26th:—Mauricejet Réunion (s), from Mauritius; Byculla (s), Moulmein; Pehlwan (s), Bhownagar. Yesterday:—Mecca (s), Delagoa Bay.

VESSELS SAILED.—The following vessels sailed yesterday:—Inchmarree (s), for Antwerp; Naples (s), Havre; Pharos (s) and Merton Hall (s), Liverpool; Cyprus (s), Rotterdam.

MUSIC AT THE GYMKHANA.—The following programme of music will be played by the band of the Bombay Volunteer Rifles at the Gymkhana this evening:—

March	Attaque	Hamm.
Overture	Konig Stephan	L.v. Beethoven.
Aria	Satanella	M. W. Balfe.
Valse	Officers	C. Coote.
Quadrille	Neu Melodien	Strauss.
Galop	Wings of Love	Meyder.

GOD SAVE THE QUEEN.

PRINCE'S DOCK.—The s. s. Lancaster and Carmona entered, and the s. s. Deccan left, the dock on Wednesday.

A VAGRANT.—John Lee, a European, was yesterday declared a vagrant by Mr. W. Webb, and ordered to be sent to the Government Workhouse.

THEFT.—Ballia Suddoo, a cart-driver, was yesterday convicted by Mr. W. Webb of stealing Rs. 38 in cash, the property of Bhicco Satna. He was sentenced to four months' rigorous imprisonment.

THE SOOTHING WEED.—Captain Walshe begs to acknowledge, with thanks, one sovereign from Colonel F. Brine, R.E., wherewith to purchase tobacco for the Europeans in the Government Workhouse.

DESERTED.—A male child, apparently about three months old, was found lying at the corner of the J. J. Hospital, Baloola Tank-road, wrapped up in a piece of cloth. The child was at once removed by the police to the Foundling Hospital.

A YOUNG THIEF.—Gopal Mahadoo, aged twelve years, was yesterday convicted by Mr. Dosabhoy Framjee of stealing a bottle of eau-de-cologne and Re. 1 in cash belonging to Bhagirthi, woman. He was sentenced to receive ten stripes with a light rattan.

THE COLLEGE OF SCIENCE.—The following candidates have passed the Final Examination of the Senior Agricultural Class attached to the College of Science, Poona:—Percentage obtained: Bahman Rastam Irani, 64; Dankar Ramchandra Naik, 54·9; Anant Sudashiv Tambe, 45·5; Narayen Govind Thakar, not Matriculated, 43·4; Nandshankar Dayashakar Buxee, 41·8.

A CROW TO PLUCK AT BROACH.—There has been a tempest in a teapot at Broach, the subject-matter being the inexcusable crime, committed by some person or persons unknown, of throwing a dead crow into a well used by Parsees. The local native paper devotes a leading article to the subject, and advertisements have appeared offering rewards for the apprehension of the offender.

FATAL ACCIDENT TO A CENTENARIAN.—A coroner's inquest was held yesterday at the J. J. Hospital, on the body of Syed Hajee Oosman, who was said to be one hundred and four years of age, and who died from the effects of injuries he sustained on the night of the 24th instant by run over by a vehicle in the Grant-road, sustaining a compound fracture to his left thigh-bone. A verdict of accidental death was recorded.

THE ARMS ACT.—There seems to be a curious amount of anxiety on the part of the native papers to see the Arms Act abolished. The *Bombay Samachar* says:—The Viceregal Government are willing and prepared to see the abolition of the obnoxious Act, but according to report, Presidency Governments entertain contrary views. The question then arises, who are the real Governors of the land? What is the use of having a highly-paid Viceroy and councillors, when local Governments can have their own way in a matter like this? Of course, in the administration of a large territory like India the advice and opinion of subordinate Governments are necessary, but really there ought to be a line drawn some where.

DEATH OF A RAJA.—Kunnaloodin Khan Babee, Rajah of Manawadar, a third class State in Kattywar, died on the 19th instant, at the age of 70. The deceased Rajah leaves behind him nine wives, and only one grand-child. The annual income of this State is Rs. 3,00,000. Some time ago Colonel Phillips, in charge of the Province, not approving of the pecuniary state of the territory, obtained sanction of the Political Agent of Kattywar and appointed a Diwan as administrator under British supervision. The grand-son of the deceased Rajah is receiving some time the Rajkumar College. The general expectation is that the British Government will give him the *Gadee*.—*Bombay Samachar*.

BIRTHS AND DEATHS IN BOMBAY.—The total number of deaths registered during the week ended Tuesday, 25th April, was 407, being 21 less than in the previous week, 32 less than the week ending 26th April, 1881, and 144 less than the mean of the corresponding period in the preceding five years. During the week 277 births were reported in the different districts of the city. The rate of mortality per 1,000 of the population per annum was 25·42. There were 61 deaths from remittent fever, being 23 less than the previous week, and 61 less than in the same period last year. The deaths from diseases of the respiratory system, diarrhœa, and dysentery were last week 75, 19, and 9 respectively, compared with 69, 24, and 17 last year. There were 30 deaths from measles last week as compared to 48 in the week previous.

SUICIDES.—A coroner's inquest was held yesterday at Parel, on the body of Krishna Dhond, aged twenty-six years. Deceased was a grocer, and committed suicide by drowning himself in a well while he was suffering from fever. A verdict to that effect was recorded.—Another inquest was held by the Coroner at the Parel-road, on the body of Saloobai, woman, aged twenty years, who committed suicide by drowning herself in Dick's Tank, in consequence of grief owing to her husband lying in the Leper Hospital in a dying state. A verdict of suicide by drowning was found.—A third inquest was held by the Coroner, at the Morgue, Cammatee-poora, on the body of Bhagirthi, woman, aged twenty years, who committed suicide by drowning herself in Parel Tank-road, Byculla. Deceased is supposed to have taken her life while attacked with a fit from which she suffered occasionally for the last two years. A verdict to this effect was recorded.

NEGLIGENCE OF A CATTLE-DRIVER.—Luximon Hurry, a cattle-driver, was yesterday convicted by Mr. W. Webb of neglecting on the 20th instant to take off a cow as was sufficient to guard against probable danger to human life, or danger of causing grievous hurt. Mrs. Stewart deposed that about 9 a. m. on the date in question she was walking along Rampart-row, where she met a cow which was being driven by the prisoner. The cow first attacked her dog, and she told the prisoner to hold the cow, or drive it away. He simply laughed at her. The cow then butted her in the back, and knocked her down. It was prevented by police havildar 807 B. from doing further injury to her She was severely bruised on the knees

nant Horsley, left London on Tuesday, stopping that night at Esher, and last night at Godalming, and arriving here this afternoon in capital form. In this, however, they were not to be outdone by the smart detachment of the Inns of Court Rifles, who came as far as Liphook by train this morning from Waterloo, and marched into Petersfield at half-past six. They numbered about 90 men, under the command of Captain Drinkwater. This party, who paraded at half-past 10 o'clock at Templegardens, where they were inspected by Colonel Bulwer, Q. C., M. P., left Waterloo at a quarter to twelve and went by train to Liphook. From here they marched to Forestmere, the residence of Lord Justice Cotton, who on his promotion to the Bench was a corporal in the regiment, where they were entertained by his Lordship, at lunch. A battalion and skirmishing drill followed, after which the detachment proceeded by march route to Petersfield, where they took up their head-quarters at the Dolphin Hotel, the Artists proceeding to the Red Lion.

To-morrow morning the column which will proceed to the relief of Portsmouth, under Colonel Clive, will arrive here by four special trains between eleven and twelve o'clock, and will be at once formed up, the Artists and Inns of Court having the post of honour as advanced guard. This column will move off soon after midday, and will stop at night at various villages about five or six miles from Lines, where they will be billeted in barns and outhouses, marching early on Saturday to take up the positions assigned them until Monday in the forts on Portsdown-hill.

Several batches of Volunteers arrived in Portsmouth yesterday (April 6th), and already the town assumes quite a gala appearance. Last night the illuminations attracted large crowds in the streets. The electric light, which has been lent by the Admiralty, consists of sixteen Brush lamps, each of 2,000 candles, and is being fixed along the principal approach to the railway station. Both the local corps opened officers' messes last night for the visitors at the George Hotel, which was elaborately decorated and fitted up with illuminated devices.—*Standard*.

TEA LABOURERS IN INDIA.

In the House of Commons on April 3rd, Sir G Campbell asked the Secretary of State for India whether he had yet decided what course to pursue in regard to an Act of the Indian Legislature extending the term for tea labourers under the special and penal law from three to five years.

Lord Hartington.—As I have already stated in reply to a question from my hon. friend, this Act and the documents relating to it have received very careful consideration in the Council of India. The Bill attracted my attention while it was under discussion in Council, and I stated that, considering the unhealthiness of some parts of Assam, and the high rate of mortality which prevailed among the coolies in that province, it appeared to me that great caution was necessary in legislating on the subject, and that, unless the Governor-General entertained a very strong opinion in favour of extending the *maximum* period for which a contract of labour enforced by penalties might be entered into, I was inclined to think that it would not be expedient to enlarge the period from three to five years. The Act has, however, been passed in its original form. Although I am assured by the Government of India that the death-rate in Assam has fallen, and that the healthiness of the province has improved and is likely to improve, I cannot say that my doubts as to this clause have been altogether removed. As the measure, however, contains many provisions likely to be beneficial to the native labourer, as well as to the planter, and as it is already in operation, I am, on the whole, unwilling to advise Her Majesty to disallow it, and my hon. friend is aware that I have no power to alter the Act or to disallow a particular clause. I have, however, thought it necessary to direct the Government of India to furnish me, at the close of every year from the time of its coming into operation, with a return of the number of persons suffering criminal punishment for breach of contract under this law; and that, at the end of three years the Secretary of State may receive a special report on the working of the Act, with a view to considering the possibility of abandoning all exceptional legislation respecting contracts of labour in the Indian tea districts. (Hear, hear.)

THE RIFLE PRACTICE OF THE ARMY.

MAJOR C. K. BROOKE, of the East Yorkshire Regiment, lectured on April 5th at the Royal United Service Institution on proposed changes in musketry instruction. General Higginson, commanding the Home District, presided, and among those present were Lord Chelmsford, General Herbert (of the War Office, Lord Elcho, M.P., and Sir Lumley Graham. The importance of the subject is enhanced by the general acknowledgment, on the part of army officers, of the lack of skill by the army in the use of the rifle and by the attention now being given to the subject in Germany and France. Major Brooke insisted upon the necessity for change in the musketry instruction of the army, and contended that in place of the instruction of the soldiers being left to an instructor and the firing to a portion of the year, the men should be exercised in musketry entirely under their own officers and the firing should be carried on in all weathers, not in fine weather only, as was now done, to increase the average. He thought that the men should be left more to their own judgment in shooting, and that the soldier in target practice should fire under conditions similar to those which would occur in action. The lecturer laid before his audience many practical details, and insisting that the soldiers, to be good riflemen, must be made to take an interest in rifle shooting, he introduced to the notice of the meeting a rifle tube and a target, which he said were now being widely adopted by Volunteers for home practice. These are known as Morris's patents, and the tubes were exhibited in action in both Martini-Henry and Snider rifles. A target was fixed at 30 yards distance in the theatre and rifle practice made through the tube, which was inserted in the rifles. Aim was taken in the regular way at 400, 800, and 1,000 yards, and the target registered the practice made with the miniature ammunition. An officer who spoke stated that the worst shots in a regiment had been exercised with these tubes, and their shooting had been wonderfully improved. The chairman said he was glad of the opportunity of bearing his testimony to the value of Mr. Morris's invention. Sir Lumley Graham urged that the authorities should make up their minds as to the tactical value of infantry fire, and the ranges which should be taken for volley and individual firing before the system of musketry instruction was altered. Lord Elcho said that the Committee of the War Office reported Mr. Morris's invention as a most valuable one. General Herbert also approved the mechanical means shown for improving shooting, and added that, as the Reserve men would have no shooting at all, he thought they should be attached to the Militia or Volunteers for rifle practice. The Chairman in closing the discussion said the men of the army would be induced to take greater interest in rifle shooting if they could have these tubes for practice and amusement in the barracks, as the instruments could be used in pleasant competitions next to the canteens, and would improve the use by the men of the rifle, while affording them cheap recreation. Thanks to the lecturer closed the proceedings.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.—Palatableness and the facility with which it is digested are distinctive characteristics of Dr. de Jongh's Cod Liver Oil. Dr. Granville, F. R. S., author of "The Spas of Germany," writes: "Dr. de Jongh's Light-Brown Cod Liver Oil does not cause the nausea and indigestion too often consequent on the administration of the Pale Oils. Being, moreover, much more palatable, Dr. Granville's patients have themselves expressed a preference for Dr. de Jongh's Light Brown Cod Liver Oil." Sold only in capsuled Imperial half-pints, pints, and quarts, by all chemists, druggists, and store-keepers. Sole Consignees, Ansar, Harford and Co., 77, Strand, London.

CURE OF RHEUMATISM AND SCORBUTIC ERUPTION.
"The Elms, North Cheam Surrey, 8th March 1875.
"SIR,—I had been suffering from rheumatism for several years, together with scorbutic eruption of the skin, of a local nature, about the size of the palm of the hand, and was induced to try your Blood Mixture in consequence of two gentlemen in my neighbourhood having been cured of obstinate sore on the body. After taking two bottles I became much better, and continued it up to the tenth bottle, when I found the rheumatism had left me, and my arm was healed. I consider it a most valuable medicine.
"You are at liberty to use this letter in any way you think proper, for the benefit of others.
